## Graduation Requirements and General Information

### *Summer Addresses and Spring Grades*

Spring semester grades will not be distributed at the Law College. Your grades, GPAs, and class ranks will be mailed to you at your current address on approximately May 31. *If your address will change for the summer, please email Vicki Lill, providing her with your summer address and phone number (vlill2@unl.edu).*

### **Graduation Requirements**

In order to graduate, you must satisfactorily complete 93 semester hours. It is possible for a student to graduate in 2 ½ years by attending summer school after his or her first or second year of law school or both. A student **cannot** graduate any earlier than 2 ½ years after starting law school at the College of Law.

**Students who graduate early are responsible for six semesters of the Law College Fee. The sixth semester fee will be billed to you in your last semester at the Law College.**

Transfer students must complete at least 45 graded hours at the College of Law to be eligible for degrees with honors.

All students are expected to attend the Law College full-time and take 12-15 hours a semester. **All students must attend at least five academic year semesters and take at least 12 hours each semester.** *You must have permission to take fewer than 12 hours, or more than 15 hours or 5 courses, in a semester.* Permission cards are available from Vicki Lill and must be signed by Associate Dean Pierce **before** you register. In order to take more than 15 hours or 5 courses in a semester, you must not be on academic probation and you must have a cumulative grade point average of at least 5.0.

**All students are required to attend classes regularly and to prepare all assigned work thoroughly.** Inadequate class attendance or preparation may result in the student being dropped from the course or may adversely affect the final grade the student receives in the course.

Under ABA rules, students may not work more than 20 hours per week.

Although you are free for the most part to choose which courses to take during your second and third years, there are some requirements and limitations of which you should be aware. Those requirements and limitations are as follows:

- (1) If you will be a second year student in 2009 - 2010, you must take Constitutional Law I during the first semester of your second year.
- (2) You must take a seminar that has a substantial writing requirement. The seminar may be taken at any point during your second or third years. Every seminar offered during the fall semester (see the enclosed Upper-Class Course Listing) and every seminar offered during the spring semester (see the enclosed Tentative Spring Course Offerings List) will satisfy the requirement. Seminars are lottery classes (See lottery information). Most seminars are limited to 12 students and **lotteries are conducted every spring for all seminars to be offered the following year.**

Psycholegal Research does not satisfy the seminar requirement except when taken by a student enrolled in the Law/Psychology joint degree program.

Research in a Selected Field does not satisfy the seminar requirement unless:

- a) taken by a student during his/her last semester at the College of Law;
- b) all seminars offered that semester are full; and
- c) the student has received permission from Associate Dean Pierce.

- (3) You must take a course in Professional Responsibility. The only course offered next year that meets this requirement is Legal Profession. It will be offered in the fall and spring semesters.
- (4) You must take an upper level professional skills course in order to graduate. The courses that meet this requirement are:
  - Advanced Legal Research
  - Advanced Trial Advocacy
  - Appellate Advocacy
  - Business Planning
  - Client Interviewing & Counseling

Clinical Practice - Civil  
Clinical Practice - Criminal  
Construction Practice  
Externships (if approved by the Dean)  
Family Law Practice  
Mediation  
Negotiations  
Pretrial Litigation  
Trial Advocacy

(5) Unless a student is enrolled in a joint degree program, a student may not receive more than 12 hours of total credit from courses in Externship, Research in a Selected Field, and non-law school courses.

### ***Clinical Courses***

Under the Nebraska Supreme Court's Senior Practice Rule, only those students with senior standing who have been selected by lottery are eligible to enroll in Civil Clinic or Criminal Clinic. Senior standing is achieved upon satisfactory completion of 60 credit hours.

#### ***Civil Clinic –***

- Enrollment limited to 16 students, selected by lottery
- Prerequisite - Pretrial Litigation
- Preference will be given to students registered in the Litigation Skills Program of Concentrated Study and who have taken Trial Advocacy

#### ***Criminal Clinic –***

- Enrollment limited to 8 students, selected by lottery
- Prerequisite - Trial Advocacy
- Preference will be given to students registered in the Litigation Skills Program of Concentrated Study.

***Only those students who are selected by lottery or have otherwise received permission may register for these courses.***

**If you are selected in the lottery drawing for Civil Clinic or Criminal Clinic, it is considered an *irrevocable commitment* on your part to register in the course. Absolutely NO drops are allowed from a clinical course. This rule is different from other lottery classes.**

Although students visiting from other law schools are eligible to take the Civil Clinic or Criminal Clinic, absolute priority will be given to students currently enrolled in the College of Law. Students from other law schools interested in taking Civil or Criminal Clinic must have met the prerequisites for the Clinics.

### ***Programs of Concentrated Study***

The Program of Concentrated Study at the College of Law is designed for students who seek a particular focus during their time at the Law College. Programs of Concentrated Study have been established in Litigation Skills and Business Transactions. Information on each of these programs is available from the Registrar.

In addition, a student who wishes to focus on a particular area of the law may work with a faculty member who teaches in the area to develop an individualized Program of Concentrated Study. A Program of Concentrated Study must consist of at least fifteen credit hours in no fewer than five upper level courses that have been identified by a faculty member as central to the identified area. ***A student must declare an intention to complete an Individualized Program of Concentrated Study no later than the last day on which students may add a class during the semester beginning the student's third year.*** Students are encouraged to declare early to minimize problems caused by course sequencing and availability. Information on individualized Programs of Concentrated Study is available in the Registrar's Office.

Following is a list of Individualized Programs of Concentrated Study our students have focused on:

Agricultural Law  
Alternative Dispute Resolution  
Business Entity Taxation  
Business Planning and Taxation  
Education Law  
Environmental Law  
Family Law  
Health Law  
International Law  
Labor and Employment Law  
Legislation  
Real Estate  
Taxation and Business Planning

### ***Non-Law College Courses***

All law school work must be done in residence.

Courses may be completed at other ABA-approved law schools with the approval of the Dean or his or her designee, and credit will be given for those courses in which a grade of "4", or its equivalent at the law school attended, is received. Grades received in such courses will not be computed as part of the student's law school average for purposes of determining class standing, graduation with distinction, or eligibility for Order of the Coif.

This rule applies to graduate level courses, graduate level distance education courses that satisfy the requirements of ABA Standard 306(c), and upper-level law distance education courses that satisfy the requirements of ABA Standard 306(c) and that are offered by other ABA-approved law schools. A student may take three credit hours of such courses if the student receives approval from the faculty members of the Curriculum Committee upon a showing that (a) the courses will further the student's legal education, and (b) the courses will not duplicate courses available in the Law College. Before taking more than three credit hours of such courses, the student must also obtain the prior approval of the Dean or his or her designee. To take more than six credit hours of such courses, the student must show compelling circumstances and obtain the approval of the full faculty.

Except as part of an approved joint-degree program, a student may not receive credit for more than twelve hours of graduate level courses outside the Law College. A student may not take more than four credit hours of distance education courses per semester and may not receive credit for more than a total of twelve credit hours of distance education courses. Subject to the limitation set out above, credit toward the J.D. will be given for those courses in which a grade of "B" or above is received and for law courses in which a grade of "4", or its equivalent at the other law school offering the course, is received. Grades received in these courses will not be computed as part of the student's law school average for purposes of determining class standing, graduation with distinction, or eligibility for Order of Coif.

Students interested in taking a graduate level course for Law College credit must complete a request form

which, among other things, requires the student to demonstrate that the course will further the student's legal education and will not duplicate courses available at the College of Law. Request forms for the fall semester are available from Vicki Lill in the Dean's office. Completed request forms must be received by Vicki no later than June 1, 2009.

### ***Course Availability and Requirements***

Seminars offered during the 2009-2010 year  
(see pages 23-24 for seminar listings)

### *Clinical Lottery:*

Summer 2009 Civil Clinic  
Fall 2009 Civil Clinic  
Fall 2009 Criminal Clinic

*The appropriate lottery form(s) must be completed and returned to the Dean's Office by noon, Wednesday, April 8.*

The lottery results will be posted on the glass outside the Dean's office on Wednesday, April 8 by 4:30 pm. **Only those students whose names appear under the course, clinic or seminar may register for that course or seminar.**

### **Lottery Courses**

**Drops are not allowed!** – When the lottery results are posted, if your name appears on the list for any of the courses or seminars, you must let Vicki Lill know by 4:30 pm, Thursday April 9, if you will or will not register for the course or seminar. If you do not inform Vicki Lill by 4:30 pm, Thursday, April 9, you will be required to register for the course or seminar. Drops of these lottery courses are **not** allowed unless you receive permission from the faculty member teaching the course and Associate Dean Pierce. **If you drop a lottery course without permission, you forfeit priority on all future lottery courses at the College of Law.**

Lottery selections for the Civil and Criminal Clinics are an exception to this procedure. If you are selected in the lottery drawing for Civil Clinic or Criminal

Clinic, it is considered an *irrevocable commitment* on your part to register in the course. **Absolutely NO drops are allowed** from a clinical course. This rule is different from other lottery classes.

## Planning Tips

### **All Students**

#### 1. *Course Selection*

If you have questions about which courses to take, you should discuss your course selections with your faculty advisor or Associate Dean Pierce. Your advisor, or any member of the faculty, will be more than happy to work with you to develop a schedule that best suits your individual interests and professional needs. In addition, many faculty members have prepared handouts on course offerings in particular areas. The handouts are available in the upperclass curriculum handout on the Law College website.

#### 2. *Finals Schedule*

In deciding which courses to take, one of the many factors you should consider is the final examination schedule you will be creating for yourself. The tentative fall 2009 final exam schedule is included in this packet. Although anything could happen, we currently do not foresee making any changes in the schedule.

Under the rules and regulations of the College of Law, you will be permitted to take a final exam at a time other than the regularly scheduled time only if:

- (1) you have two examinations on the same day;
- (2) you have four consecutive examinations on four consecutive calendar days (i.e., Tuesday, Wednesday, Thursday, and Friday – not Thursday, Friday, Saturday, and Monday); or
- (3) you experience a serious illness or other special circumstances beyond your control that affect your capacity to take the exam at the regularly scheduled time. Examples of "other special circumstances" include the death of an immediate family member, a car accident, birth of a child, a religious conflict

with Saturday exams, and a conflict with a non-law exam.

A student seeking to reschedule an exam must contact Associate Dean Pierce before the exam.

### 3. *Flexible Scheduling*

In the fall semester there are 10 classes scheduled to be taught on three days a week in one hour blocks, rather than 50 minute blocks.

These classes are:

- Alternative Dispute Resolution
- Constitutional Law I - Berger
- Evidence
- International Law
- Law and Medicine
- Natural Resources Law
- Secured Transactions

This will mean that these classes will meet for 35 class days instead of 42 class days over the semester.

Insurance Law meets an extra 10 minutes two days per week. This will mean that the class will meet for 38 days instead of 42 over the semester.

Sports Law will meet for 180 minutes per week. This means that Sports Law will meet for 24 class days instead of 28 days over the semester.

### 4. *Variable Credit Hours*

#### **One Credit Hour Courses**

National Security Space Law is a one credit hour class that will meet for seven class sessions. See chart on page 5 specific days.

#### **Two Credit Hour Courses**

Space Law is a two hour class that will meet for twelve class sessions. See chart on page 5 for specific days.

#### **Four Credit Hour Courses**

Business Associations is a four credit hour course this fall. It meets four times a week for 50 minutes for a total of 200 minutes each week.

Individual Income Tax is a four credit hour course

that will meet one day for 50 minutes and two days for 85 minutes for a total of 220 minutes each week.

Mediation is a four credit hour course that will meet twice a week for two hours each time. This applies to both sections of Mediation.

Civil Clinic may be taken as a four or six hour course.

### **2010-2011 Schedule**

The following fall classes *will not* be offered in the 2010-2011 academic year:

- Antitrust & Trade Regulations
- Arbitration (course or seminar)
- Corporate Mergers & Acquisitions
- International Human Rights Seminar
- Law & Medicine
- Sports Law

The following spring 2010 classes *will not* be offered in the 2010-2011 academic year:

- Copyright Law class
- Disability Law
- Farm and Ranch Tax
- Law of Provider and Patient
- Refugee & Asylum Law Seminar

### **Second Year Students**

You must take Constitutional Law I during the fall 2009 semester.

If you have an interest in litigation, you should take Trial Advocacy during your second year.

You can take Evidence (Kirst) during the fall 2009 and Trial Advocacy (Johnson or Riley) during the spring 2010 semester.

Alternatively, you can take Evidence (Moberly) and Trial Advocacy (Pierce) during the spring 2010 semester. Students who lottery into Dean Pierce's Trial Advocacy class for the spring semester will be required to also take Professor Moberly's Evidence class in the spring.

You can take Pretrial Litigation in the fall 2009 or spring 2010 semester.

Students who have taken Trial Advocacy will be given preference in the Civil Clinic lottery. Trial Advocacy is

a prerequisite for Criminal Clinic. Second year students will have priority in the lottery for Trial Advocacy in the spring. Pretrial Litigation is a pre-or-co-requisite for Civil Clinic.

In addition to Evidence, Pretrial Litigation, and Trial Advocacy, the other litigation-related courses at the College include:

- Administrative Law
- Advanced Legal Research
- Alternative Dispute Resolution
- Appellate Advocacy
- Arbitration
- Capital Punishment
- Civil Rights Litigation
- Client Interviewing and Counseling
- Conflict of Laws
- Criminal Law II
- Criminal Procedure
- Family Law Practice
- Federal Jurisdiction
- Mediation
- Negotiations
- Remedies & Damages
- Civil Clinic
- Criminal Clinic
- Immigration Clinic

The clinical courses (which are offered every semester as well as during the summer) are the culmination of the litigation sequence at the College. Detailed information on the Clinics is available from Vicki Lill.

If you have an interest in tax, you should take Individual Income Tax during the fall semester of your second year. Individual Income Tax is a prerequisite for other tax courses as well as for Business Planning.

If you have an interest in business-related matters, you should take Business Associations during the fall semester of your second year because the course is a pre-requisite (or co-requisite) for a number of advanced courses such as Securities Regulation, Corporate Tax, and Business Planning.

Some classes (for example, Business Associations, Evidence, and Individual Income Tax) are considered building block courses and are generally taken by second year students. As a general rule, those courses will not be scheduled against each other. If you wait until your third year to take courses that most students take during their second year, you run the risk of being locked out of other courses that you

may want to take.

Although you can take a seminar during your second year (assuming you win the lottery) you should think twice about doing so. Seminars require quite a bit of work and are often more rewarding when you have taken more substantive courses first. Most students wait until their third year when they have priority in the lottery to take a seminar.

## **Enrollment and Other Limitations**

Although most courses offered at the College of Law are limited to 80 students, some courses have lower limits. Those courses for the fall semester are as follows:

<b><u>Course</u></b>	<b><u>Class Limit</u></b>
Business Associations	75
Client Counseling	18
Con Law I (each section)	70
Evidence	70
Individual Income Tax	75
Mediation (each section)	24
Native American Law Class	8
Negotiations	24
Pretrial Litigation (Fall 2009)	24
Trial Advocacy	20
Wills & Trusts	75

Wills & Trusts will be offered in the spring 2010 and will be limited to 75 students. Individual Income Tax will be offered in the spring semester and will be limited to 75 students.

**Seminars** – All seminars are limited to 12 students. Third year students will have priority in the lottery.

**Clinical Courses** – Civil Clinic is limited to 16 students (limited to 12 students for Summer 2009) and Criminal Clinic is limited to 8 students. If you are interested in taking clinic, you must participate in the clinical course lottery.

## **Odds & Ends**

### ***Course and Call Numbers***

A number of courses offered at the College of Law are cross-listed with other colleges and have multiple course numbers. For example, Individual Income Tax has three course numbers: Law 637 (the law course

number) Law 637G (the "G" course number), and ACCT 837 (the Accounting course number). The course numbers you should use are as follows:

- (1) Students who are enrolled in the College of Law and who are not enrolled in any joint degree program must use the law course and call numbers.
- (2) Students who are enrolled in the College of Law and who are also enrolled in a joint degree program -- for example, the Law/Psychology program or the JD/MPA program -- must use the G course and call numbers for courses that count toward both degrees.
- (3) Students who are enrolled in the MLS degree program must always use the G course and call numbers. If there is no G course and call number, please see Vicki Lill.
- (4) Graduate students who are not enrolled in the College of Law or in the MLS degree program may use either the non-law course and call numbers or the G course and call numbers. Graduate students should get permission from their college to use G course and call numbers.

### **Pass / Fail**

Externship is the *only* course taught at the College of Law that may be taken as pass/fail. It may only be taken once in the course of study at the College of Law.

### **Incompletes**

If you receive an Incomplete (I) in any course other than Psycholegal Research, the Incomplete must be removed within one year. Otherwise, the Incomplete will automatically be replaced with a failing grade ("0").

### **Graduate Students Taking Law College Courses**

Graduate students may take courses at the College of Law but only with the prior permission of the instructor and the Associate Dean. The permission forms are available from Vicki Lill in the Dean's Office. Registration in Law College courses will only be processed once permission forms are returned to Vicki Lill.

## **Registration Procedures**

You should enroll by using eNRoll on-line. This is conducted on a first-come first-served basis with no class priority. Fall registration begins April 15 and is continuous until August 24. Instructions on how to use eNRoll (the web registration system), are included at the end of this packet. Any initial registration or reinstatement of a cancelled registration after classes begin will be subject to a \$25 late registration fee.

### **eNRoll Access Hours**

(For registration and drop/add)

Monday - Saturday - 7:00 a.m. to 12:00 midnight  
Sunday - 2:00 p.m. to 12:00 midnight

### **Registration Period**

April 15 - August 24, 2009

*Any student who attempts to register before 7:00 am on Wednesday, April 15 will be dropped from the class and have to start the registration process over.*

### **Personal Identification Number (PIN)**

In order to ensure the security of your academic information, you must use your student identification number (social security number) along with a personal identification number (PIN) to access any function in the system. *If you misplace or forget your PIN, or for some reason were not assigned a PIN, you must contact the Records Office, Service Counter 107D, Canfield Administration Building, (402) 472-3681. We do not have your PIN numbers.*

You will use the same PIN each semester and summer session until you graduate. You may continue to use the University-assigned four digit PIN or you may select one of your own choice.

### **Registration Holds**

Students with registration "holds" will not be permitted to initially register or add courses (including drop/add schedule changes) until these holds are released. Registration "holds," incurred for

academic or financial reasons, are placed on your record to prevent registration for classes. The holds must be cleared by the University agency or department placing the block prior to registration and you must present the Release Form from the agency or department to Student Judicial Affairs, 125 Canfield Administration Building. **Note: If you pay by personal check, the hold will not be cleared for 3 weeks to be sure your check clears your bank.** Only Master Card or Discover Card are accepted for credit card payments.

### ***Closed Courses During Registration Time Conflicts***

You cannot register for a closed course on eNRoll. If you are informed that a course is full, please contact Vicki Lill. Also, you cannot register for two courses that meet at the same time or have overlapping meeting times.

### ***Prerequisites and Co-requisites***

You are responsible for ensuring that you meet requirements for any particular course. *Ignoring course pre-requisites/co-requisites can result in serious financial and academic consequences.* If you do not qualify for a course in which you enroll, you will be required to drop it or you will be administratively dropped from the course.

### ***Students with Disabilities***

Students with disabilities who would like assistance with registration should contact Vicki Lill.

### ***Registration Tampering***

A student who tampers or attempts to tamper with the registration records of another student, including but not limited to dropping and adding classes, will be subject to disciplinary action.

## **Payment of Tuition and Fees**

Any charge you incur for tuition, fees, University Housing, long distance telephone calls, Express Card purchases from the University Bookstore and Nebraska Union, University Health Center, and service charges from University Libraries, Parking Services, and Campus Recreation will appear on one statement. Payment can be made at the Bursar's

Office, 121 Canfield Administration Building. Tuition and fees can be paid by Visa or MasterCard. Instructions are included with the billings.

The Student Information System allows students to designate a billing address which will be used for all consolidated statement mailings. **Call Student Accounts, (402) 472-2887, to designate a billing address.** If a billing address is not indicated, local addresses will be used during the first and second semesters, and permanent addresses will be used in December and during the summer. *Please be sure to update your local address with Vicki Lill, before September 5, 2009, to assure you will receive the billing in a timely manner.* Change of address forms are located in the bins outside of the Dean's office.

### **Full payment of all tuition and fees is due on September 9, 2009**

Consolidated statements will be mailed the last week of each month to students with unpaid balances and to students with new charges posted since the previous monthly statement. The due date for payment will be the second Wednesday of the following month. The late charge for failing to meet the payment deadlines is \$20.00 **each month.** Blocks will be placed on the records of students with delinquent accounts. Blocks will prohibit the release of transcripts and diplomas and prohibit future enrollment (including adds and section changes) until the accounts are brought current. Students with accounts that are delinquent over one month will also lose student services such as access to the Recreation Center in addition to having Express Card privileges stopped. If accounts become two months delinquent, Parking Services will be authorized to tow the vehicles of students who incur parking fines.

### **FAILURE TO RECEIVE A STATEMENT WILL NOT EXCUSE YOU FROM MEETING THE DEADLINE.**

Contact the Office of Student Accounts, 124 Canfield Administration Building, (402) 472-2887, if you have not received your statement by one week after the announced mailing dates.

### ***Late Registration – August 24-31***

During Late Registration, students will be charged a \$25 late registration fee. This fee will appear on your first billing for tuition.

for the course.

## **Change of Address Form**

If your local, permanent, or parents' address has changed since you entered the University or last submitted a Change of Address Form to the Dean's Office, you must fill out a change of address form. These forms are available in the rack outside of the Dean's Office. Please return the form to Vicki Lill so that we can change our records as well as the downtown records.

## **Drop / Add / Withdrawals**

After initially registering for classes, you are free to adjust your schedule by adding and dropping courses whenever through NRoll or eNRoll, when available. Course drops and adds can be accomplished during the Open Registration period.

### ***Course Adds***

The deadline for adding courses is September 2. Any adds after this point require the written permission of the instructor and Associate Dean Pierce. Late adds are by exception only. The necessary forms are available from Vicki Lill.

### ***Course Drops***

Upperclass students who wish to drop a course from their schedule may continue to do so through eNRoll on-line through September 2, provided that, after dropping the course, they are still taking twelve (12) or more hours of law courses. A student must receive prior permission of Associate Dean Pierce to drop below 12 hours.

- Courses dropped through September 5 will be removed from the student's transcript record.
- Courses dropped September 3 - September 5 will be subject to the 25% tuition charge.
- Late drops with a grade of "W" are permitted beginning September 6 with permission from the instructor **and** Associate Dean Pierce.
- Late drops can only be performed in person and cannot be done on the NRoll system. See Vicki Lill for necessary forms.
- Students wishing to drop a class after Nov. 14 **must** see Dean Pierce and obtain permission from the instructor. A student may request permission to drop a class at any time before the final exam

The following chart shows the percentage of tuition you will be charged for any courses you drop during the semester:

- 0% – Until August 31  
(\$40 minimum charge for withdrawal from all courses)
- 25% – September 1 - 4
- 50% – September 5 - 11
- 75% – September 12 - 18
- 100% – After September 18

A drop becomes effective for tuition and grade purposes on the date the transaction is processed through the NRoll system, or the date the form is filed with Associate Dean Pierce. Students who file proper notices of course drops or withdrawals are entitled to refunds of tuition, Law College Fees, and University Program and Facilities Fees (UPFF).

Your refund amount is determined by:

- Drops – the date on which you actually file the drop form.
- Withdrawals – the date on which you file a statement of withdrawal in the Dean's Office.

No student may withdraw in good standing from the Law College absent approval of Associate Dean Pierce.

### ***Late Drops – September 5 - November 13***

Drops may not be performed on the telephone registration system during the late drop period. All such drops must be performed in person at the Law College. The student must receive the permission of the instructor and Associate Dean Pierce to drop a course – regardless of the number of hours the student is taking. See the Registrar, Vicki Lill, for Drop Forms.

Any courses dropped during the Late Drop Period will appear on your University and Law College transcripts as a withdrawal ("W"). *Students wishing to drop a class after November 13 **must** see Dean Pierce and obtain permission from the instructor. A student may request permission to drop a class at any time before the final exam for the course.*

A major issue sought to be resolved is whether there is a principled answer to what questions should be decided at the federal rather than state level and what questions should be decided by the judiciary rather than the politically responsive branches. <b>4806</b>		<b>609G</b>			

(3 credit hours) This course is a study of the basic principles and foundations of American constitutional law and the structure of American government, as articulated by the United States Supreme Court in the seminal constitutional cases over the past 200 years. The course will focus on the function, purposes, and limitations of judicial review; the allocation of powers among the legislative, executive, and judicial branches (federal separation of powers); and the critical balance of power between the federal and state governments (federalism), with the associated limitations on Congressional power. The course will also begin coverage of the Constitution's guarantees of individual rights stemming from the due process, equal protection, and other clauses of the post-Civil War amendments. (Individual rights guaranteed by other provisions of the Constitution and the Bill of Rights, such as the First Amendment, will be covered in Constitutional Law II.) Among the major themes discussed in the course will be the role of the Supreme Court and the federal judiciary in resolving legal problems that arise under our fundamental law, the tension between judicial review and democratic majoritarianism, and competing theories of constitutional interpretation. The course is intended to provide students with a comprehensive understanding of the foundations of constitutional law and of American government, so as to provide a solid context

It addresses the conservation and use of public lands (including National Parks, Forests and other federal and state lands), wildlife, cultural and historic properties, and mineral resources. Because many of our natural resource laws are rooted in 19 <sup>th</sup> century policies, our exploration of modern natural resource management will be steeped in frontier history – westward expansion, homesteading, range wars and mining camps – and peopled with colorful (and sometimes unsavory) characters. We will focus primarily on federal law and its implications for state, tribal and private interests, as played out in the federal courts.

Initially, the relationship between the debtor and the secured creditor is considered by examining the requirements of taking a security interest in personal property and the rights of the secured creditor upon default by the debtor. Thereafter, an examination of the relationship between the secured creditor and other creditors of the debtor requires a study of the filing system used for the perfection of a security interest and the priority rules for resolving conflicts between the secured creditor and a variety of other creditors.</p>

(Law 750/G) (3 credit hours) This seminar will explore structural/organizational issues (e.g., separation of powers, federalism) related to U.S. foreign policymaking as well as U.S. foreign policy in a number of substantive areas, such as the war on terror, non-proliferation, trade, foreign aid, outer space, global warming, relations with the European Union, relations with Latin America, etc. Previous enrollment in an international law course, although not required, will be useful background for students in the seminar. (*Enrollment limit 12*)

### **Constitutional Problems Seminar - Duncan**

(Law 781/G) (3 credit hours) An examination of selected constitutional issues. We will focus particularly on the "Right to Bear Arms" under the Second Amendment (including the Supreme Court's recent landmark decision on gun rights), on recent First Amendment issues, and on whichever topics students choose for their seminar papers. (*Enrollment limit 12*)

### **Mental Health Law Seminar - Schopp**

(Law 772/G) (3 credit hours) The seminar is taught concurrently with Mental Health Law (763). It addresses the major areas of law in which people with psychological disorder are treated differently than people who do not suffer such impairment. The law treats disordered people differently than people without psychological impairment for a variety of civil and criminal purposes.

This course addresses both civil and criminal issues that are likely to arise in practice. These include: civil competence for a variety of purposes; civil guardianship and conservatorship; civil commitment; confidentiality and privilege; health care provider liability in the context of mental health care; competence to proceed at several stages in the criminal process; criminal responsibility; and criminal sentencing. The seminar does not presuppose or require any prior training in psychology. Each student must write a legal research paper that fulfills the substantial writing requirement. Students who have previously taken, or are currently enrolled in Mental Health Law (763/G) may not enroll in this course. (*Enrollment limit 12*)

### **Refugee & Asylum Law Seminar - Shavers**

(Law 718/G) (3 credit hours) An examination of refugee issues in the context of domestic and international political environments. Topics for examination will include asylum reform, gender-based persecution, persecution of lesbians and gays, deficiencies in international and domestic refugee law, and firm resettlement of displaced persons. With an interdisciplinary focus, students will consider the interplay among political, social, economic, cultural and psychological phenomena as refugees, governments of host countries, and international and nongovernmental organizations interact in the context of ongoing crises around the world. Students who have previously taken Refugee and Asylum Law and Practice (Law 653) may not enroll in this course. (*Enrollment limit 12*)

Using the facilities of eNRoll you can register, drop and add courses, see a listing of your current classes, change grading options and change the number of credit hours in a variable credit class. Through WAM you can look at grades received during a previous term, review your financial aid information, check your current address listing, and update your e-mail address.

### To Access WAM

1. **Point your browser to <http://wam.unl.edu>**
2. **Enter your Student ID Number and PIN in the boxes provided and then click the Submit button.**

This will give you access to the WAM Menu Screen.

### To Access eNRoll

1. **Click on the eNRoll menu item.**
2. **Choose the term ( Fall Term Code: 101) you wish to access using the drop-down box and then click the Submit button.**

You will then be presented with the eNRoll Transaction Screen (illustrated on the following page). This screen is divided into four main parts.
