- 1] over 16 credit hours*;
- 2] less than 12 hours**.

* Permission may not be granted [1] if you are on academic probation, or [2] if your GPA is not at least a 5.000

If you have received permission to take fewer than 12 hours, your loans processed through the University will be reduced because you will be paying less tuition. **You are not eligible for student loans if you take less than 6 credit hours.

**If you have a scholarship and have received permission to take fewer than 12 hours, you need to contact the Law College financial aid office (Beki Colberg) before the beginning of the semester to keep the scholarship from being cancelled.

Permission cards are available from the Registrar and must be signed by Assistant Dean Pearce before you register.

Attendance Requirements

All students are required to attend classes regularly and to prepare all assigned work thoroughly. Inadequate class attendance or preparation may result in the student being dropped from the course or may adversely affect the final grade the student receives in the course.

Work Limitations

University of Nebraska College of Law
Faculty Policy Concerning Student Employment During Law School.

We, the faculty of the University of Nebraska College of Law, believe that there are many challenges to being a new law student and engaging with a new curriculum and way of thinking during the first year of law school. Therefore, if at all possible, full-time, first-year law students should not be employed at all during the academic year.

Full-time law students are engaged in learning about many different areas of the law. Students are building a broad base from which to launch their legal careers and it is important that they focus on their studies and strive for academic achievement so that they are fully prepared for employment after law school, and for a career that may over time involve a variety of practice areas and expertise. Therefore, law students should not be employed for more than 20 hours per week during the academic year.

Full-time is defined as a course load of 12 credit hours or more per semester.

Required Courses

Although you are free, for the most part, to choose which courses to take during your second and third years, there are some requirements and limitations:

(1) You must take a **seminar** that has a substantial writing requirement. The seminar may be taken at any point during your second or third years. The seminars offered during the spring semester (see the enclosed Upperclass Course Listing) will satisfy this requirement. Most seminars are limited to 12 students and lotteries are conducted every spring for *all* seminars to be offered the following year.

Psycholegal Research *does not* satisfy the seminar requirement, except when taken by a student enrolled in the Law/Psychology joint degree program.

Research in a Selected Field *does not* satisfy the seminar requirement, unless

- (a) taken by a student during his/her last semester at the College of Law;
- (b) all seminars offered that semester are full; and
- (c) the student has received permission from the Dean of Students.

(2) You must take a course in Professional Responsibility. **Legal Profession** meets this requirement.

(3) You must take 6 credit hours of an upper level **professional skills course** in order to graduate. The courses that meet this requirement are:

| | |
|---|---|
| Advanced Legal Research | Construction Practice |
| Advocacy in Mediation | Estate Planning Problems |
| Alternative Dispute Resolution | Externships (if approved by the Dean) |
| Business Planning | Family Law Practice |
| Client Interviewing & Counseling | Family Mediation |
| Clinical Practice – Children’s Justice Clinic | Mediation |
| Clinical Practice - Civil | Negotiations |
| Clinical Practice - Criminal | Patent Practice & Innovation Management |
| Clinical Practice - Entrepreneurship | Pretrial Litigation |
| Clinical Practice - Immigration | Trial Advocacy |

(4) Unless a student is enrolled in a joint degree program, a student may not receive more than 12 hours of total credit from courses in Externship, Research in a Selected Field, and non-law school courses.

Clinical Courses

Under the Nebraska Supreme Court's Senior Practice Rule, only those students with senior standing who have been selected by lottery are eligible to enroll in Children's Justice Clinic, Civil Clinic, Criminal Clinic, Entrepreneurship Clinic or Immigration Clinic. Senior standing is achieved upon satisfactory completion of 60 credit hours.

*Effective for the summer 2019 semester, Legal Profession will be a **pre-requisite** for ALL clinics.*

Only those students who were selected by the lottery or the application process last spring, or have otherwise received permission, may register for these clinics.

If you are selected to enroll in the Children's Justice Clinic, Civil Clinic, Criminal Clinic, Entrepreneurship Clinic or Immigration Clinic, it is considered an ***irrevocable commitment*** on your part to register in the course. *Absolutely NO drops are allowed from a clinical course.* This rule is different from other lottery classes.

Although students visiting from other law schools are eligible to take the Children's Justice Clinic, Civil Clinic, Criminal Clinic, Entrepreneurship Clinic or Immigration Clinic, absolute priority will be given to students currently enrolled in the College of Law. Students from other law schools interested in taking any of the clinics must have met the prerequisites required.

Programs of Concentrated Study

The Program of Concentrated Study at the College of Law is designed for students who seek a particular focus during their time at the Law College. Programs of Concentrated Study have been established in Litigation Skills, Business Transactions, Intellectual Property and Solo and Small Firm Practice. Information on each of these programs is available from the Registrar as well as on our web site.

In addition, a student who wishes to focus on a particular area of the law may work with a faculty member who teaches in the area to develop an Individualized Program of Concentrated Study. An Individualized Program of Concentrated Study must consist of at least fifteen credit hours in no fewer than five upper level courses that have been identified by a faculty member as central to the identified area. A student must declare an intention to complete an Individualized Program of Concentrated Study no later than the last day on which students may add a class during the semester beginning the student's third year. Students are encouraged to declare early to minimize problems caused by course sequencing and availability. Information on Individualized Programs of Concentrated Study is available in the Registrar's Office or on the Law College website, Current Students page.

Faculty members have provided information on Individualized Programs of Concentrated Study in the following areas:

| | |
|--------------------------------|---|
| Agricultural Law | Human Resources Law |
| Alternative Dispute Resolution | Intellectual Property Law |
| Business Entity Taxation | International Human Rights Law |
| Business Planning and Taxation | International Law |
| Constitutional Law | Labor and Employment Law |
| Criminal Law | Legislation |
| Education Law | Psychology and the Law |
| Entertainment and Media Law | Real Estate Law |
| Environmental Law | Space, Cyber and Telecommunications Law |
| Family Law | Sports Law |
| Health Law | |

Non-Law College Courses

All law school work must be done in residence.

Courses may be completed at other ABA-approved law schools with the approval of the Dean or his designee, and credit will be given for those courses in which a grade of "4" (or its equivalent at the law school attended) is received. Grades received in such courses will not be computed as part of the student's law school average for purposes of determining class standing, graduation with distinction, or eligibility for Order of the Coif.

This rule applies to graduate level courses, graduate level distance education courses that satisfy the requirements of ABA Standard 306(c), and upper-level law distance education courses that satisfy the requirements of ABA Standard 306(c) and that are offered by other ABA-approved law schools. A student may take three credit hours of such courses if the student receives approval from the faculty members of the Curriculum Committee upon a showing that (a) the courses will further the student's legal education, and (b) the courses will not duplicate courses available in the Law College. Before taking more than three credit hours of such courses, the student must also obtain the prior approval of the Dean or his designee. To take more than six credit hours of such courses, the student must show compelling circumstances and obtain the approval of the full faculty.

Except as part of an approved joint-degree program, a student may not receive credit for more than twelve hours of graduate level courses outside the Law College. A student may not take more than four credit hours of distance education courses per semester and may not receive credit for more than a total of twelve credit hours of distance education courses. Subject to the limitation set out above, credit toward the J.D. will be given for graduate courses in which a grade of "B" or above is received and for law courses in which a grade of "4" or its equivalent at the other law school offering the course, is received. Grades received in these courses will not be computed as part of the student's law school average for purposes of determining class standing, graduation with distinction, or eligibility for Order of Coif.

Students interested in taking a graduate level course for Law College credit must complete a request form which, among other things, requires the student to demonstrate that the course will further the student's legal education and will not duplicate courses available at the College of Law. Request forms for the Spring semester are available from Vicki Lill in the Dean's office or on the Current Student page on the website. The form will be submitted to the Faculty Curriculum Committee to determine approval. Completed request forms must be received by Vicki no later than December 1, 2018.

Second Year Grade Point Averages & Academic Scholarships

Second year grade point averages and class ranks are computed when a student has completed 27 credit hours beyond the first year curriculum for a total of 60 credit hours.

Lottery Courses

Drops are not allowed! – If your name appears on the list for any of the lottery courses or seminars, you must let Vicki Lill know by 4:00 pm, Friday, November 2, if you will not register for the course or seminar. If you do not inform Vicki Lill by that time, you will be required to register for the course or seminar. Drops of these lottery courses are not allowed unless you receive permission from the faculty member teaching the course and the Dean of Students. If you drop a lottery course without permission, consequences include forfeiting priority on all future lottery courses at the College of Law.

Lottery selections for the Clinics are an exception to this procedure. If you are selected for Civil Clinic, Criminal Clinic or Entrepreneurship Clinic, it is considered an irrevocable commitment on your part to register in the course. *Absolutely NO drops are allowed from a clinical course.* This rule is different from other lottery classes.

Please see Vicki Lill to request permission to drop a non-clinical lottery class after November 2nd.

Planning Tips: Concentrated Study; Credit Hours; Finals

All Students

1. Course Selection

If you have questions about which courses to take, you should discuss your course selections with your faculty advisor or the Dean of Students. Your advisor, or any member of the faculty, will be more than happy to work with you to develop a schedule that best suits your individual interests and professional needs. In addition, many faculty members have prepared information sheets on course offerings in particular areas. The information sheets are available on the Law College website. Click on Current Students and you will find the information sheets under "Upperclass Curriculum."

If you would like to talk to the faculty coordinator for the established concentrations, here's who to talk to:

| <u>Programs of Concentrated Study</u> | <u>Coordinator(s)</u> |
|---------------------------------------|--|
| Business Transactions Program | Professor Thimmesch |
| Litigation Program | Professors Ruser, Schmidt and Sullivan |
| Intellectual Property Law Program | Professor Denicola |
| Solo and Small Firm Practice | Professor Medill |

2. Limitations

Non-joint degree students may not take more than 12 total credit hours of Externship, Research in a Select Field and non-law school courses.

3. Finals Schedule / Rescheduling

In deciding which courses to take, one of the many factors you should consider is the final examination schedule you will be creating for yourself. The tentative Spring 2019 Final Exam Schedule is included in this packet. Although unexpected circumstances can arise, we currently do not foresee making any changes in the schedule.

Under the rules and regulations of the College of Law, you will be permitted to take a final exam at a time other than the regularly scheduled time only if:

- (1) you have two examinations on the same day;
- (2) you have four consecutive examinations on four consecutive calendar days (i.e., Tuesday, Wednesday, Thursday, and Friday – not Thursday, Friday, Saturday, and Monday); or
- (3) you experience a serious illness or other special circumstances beyond your control that affect your capacity to take the exam at the regularly scheduled time. Examples of "other special circumstances" include the death of an immediate family member, a car accident, birth of a child, a religious conflict with Saturday exams, and a conflict with a non-law exam.

Rescheduled exams must be taken at the earliest possible date after the date the exam was originally scheduled. A student seeking to reschedule an exam must contact the Vicki Lill before the exam.

4. *Flexible Scheduling*

A 3-credit hour class that meets three days a week in one hour blocks rather than 50 minute blocks will meet for 35 class days instead of 42 class days over the semester.

A 3-credit hour class that meets two days a week in 85 minute blocks rather than 75 minute blocks will meet for 25 class days instead of 28 days over the semester.

A 3-credit hour class that meets two days a week in 90 minute blocks rather than 75 minute blocks will meet for 24 class days instead of 28 class days over the semester.

5. *Variable Credit Hours*

One Credit Hour Courses

- Aviation Law
- Domestic Spectrum Management Law
- Export Control: ITAR
- International Satellite Communications
- Introduction to Federal Contract Law
- National Security Space Law
- National Space Legislation

Two Credit Hour Courses

- Arms Control
- Copyright Law
- Corporate Finance
- Family Mediation
- Law of Provider and Patient
- Law Office Management
- Patent Law Practice and Innovation Management
- Worker's Compensation Law

Four Credit Hour Courses

- Business Associations
- Family Law Practice is a four credit hour course that will meet twice a week for two hours each time.
- Individual Income Tax
- Mediation is a four credit hour course that will meet twice a week for two hours each time.
- Children's Justice Clinic is a four credit hour per semester course. (Must enroll both fall and spring semesters)
- Civil Clinic may be taken as a four or six credit hour course.

6. *Future Class Offerings*

The tentative list of Fall 2019 and Spring 2020 courses can be found at the back of this packet.

Tips for Second Year Students

Legal Profession will be taught in the spring semester. Effective with the summer 2019 semester, **Legal Profession will be a pre-requisite for ALL clinics.** Legal Profession is offered each fall and spring semester as well as some summer sessions.

Pretrial Litigation will be taught in the spring semester. It is a pre- or co-requisite for Civil Clinic in the spring 2019 semester. It is a pre-requisite for Civil Clinic in the summer 2019, so if you plan to take Civil Clinic in the summer 2019, you must take Pretrial Litigation in the spring of 2019. It is a pre- or co-requisite for Civil Clinic in the Fall 2019 and will be offered in the fall 2019.

Trial Advocacy will be taught in the spring semester 2019. Evidence is a pre-requisite for Trial Advocacy and students who have taken Trial Advocacy will be given preference in the Civil Clinic lottery. Trial Advocacy is a pre-requisite for Criminal Clinic.

In addition to Evidence, Pretrial Litigation, and Trial Advocacy, the other litigation-related courses at the College include:

- | | |
|------------------------------------|---------------------|
| Administrative Law | Criminal Clinic |
| Advanced Legal Research | Criminal Procedure |
| Advocacy in Mediation | Family Law Practice |
| Alternative Dispute Resolution | Federal Courts |
| Arbitration | Mediation |
| Capital Punishment | Negotiations |
| Children's Justice Clinic | Remedies & Damages |
| Civil Clinic | |
| Client Interviewing and Counseling | |

Business Associations and Individual Income Tax are offered during both the spring and fall 2019 semesters. Business Associations is a pre-requisite for the Entrepreneurship Clinic.

If you have an interest in business-related matters, you should take Business Associations during your second year because the course is a pre-requisite (or co-requisite) for advanced courses such as Securities Regulation, Business Planning, and Entrepreneurship Clinic.

Some classes (for example, Business Associations, Evidence and Individual Income Tax) are considered building block courses and are generally taken by second year students. As a general rule, those courses will not be scheduled against each other. If you wait until your third year to take courses that most students take during their second year, you run the risk of being locked out of other courses that you may want to take.

Enrollment and Other Limitations

Although most courses offered at the College of Law are limited to 70 students, some courses have lower limits. Those courses for the Spring semester are as follows:

| Course | Class Limit |
|--------------------------------------|---|
| Construction Practice | 20 |
| Family Law Practice | 8 (must also complete questionnaire form available from the clinic) |
| Family Mediation | 20 |
| Law Office Management | 24 |
| Mediation | 24 |
| Negotiations | 24 |
| Pretrial Litigation | 24 |
| Trial Advocacy – Gerrard/Kirkpatrick | 12 |
| Trial Advocacy – Elliott | 12 |
| Trial Advocacy – Schmidt | 8 |
| Trial Advocacy – Gilg | 12 |
| Trial Advocacy – Turner | 12 |

Clinical Courses – Enrollment Limits

| Course | Class Limit |
|---------------------------|--------------------|
| Children’s Justice Clinic | 10 |
| Civil Clinic | 10 |
| Criminal Clinic | 8 |
| Entrepreneurship Clinic | 10 |
| Immigration Clinic | 10 |

The clinics conducted their lottery for clinics last spring.

Pretrial Litigation

If you are interested in taking Pretrial Litigation you must participate in the lottery process. All students who plan to take Civil Clinic during the Summer 2019 must have already taken Pretrial Litigation prior to the summer semester. (Pretrial Litigation is a pre- or co-requisite for Civil Clinic.)

Students enrolled in Pretrial Litigation will meet with Professor Klaus on Mondays at 8:00 am for 50 minutes (the lecture component of the course). The students will be divided into small groups and each small group will meet with either Professor Klaus or an adjunct professor for two hours (the skills component of the course).

Seminars

All seminars are limited to 12 students. The lottery for the spring semester seminars has already taken place. Check with the Registrar if you are unsure about your status in a seminar course. Third year students planning to graduate in May must have completed the seminar requirement. If you have not yet taken a seminar, see the Registrar immediately. Second year students who are interested in taking a seminar in the Spring 2019 semester should also see the Registrar.

Trial Advocacy

There will be five sections of Trial Advocacy this spring. Evidence is a pre-requisite for all sections. Trial Advocacy is a pre-requisite for Criminal Clinic.

Odds & Ends

Course and Class Numbers

A number of courses offered at the College of Law are cross-listed with other colleges and have multiple course numbers. For example, Individual Income Tax has three course numbers: Law 637 (the law course number) Law 637G (the "G" course number), and ACCT 837 (the Accounting course number).

Core courses in the LLM Space, Cyber, and Telecommunication Law program are designated with a 600 section number. That registration number is to be used by the LLM students only. JD/MLS and LLM students will be graded on a separate grading scale for these courses.

| Course number examples and who should use them | |
|---|---|
| Law 637 | <ul style="list-style-type: none">• JD students not enrolled in any joint degree program |
| Law 637G | <ul style="list-style-type: none">• JD students enrolled in a joint degree program <u>if</u> the course counts towards both degrees;• MLS students;• Non-law graduate students (permission required from their college as well as the College of Law) |
| ACCT 837 | <ul style="list-style-type: none">• Graduate students in Accounting |
| Law 640-600 | <ul style="list-style-type: none">• LLM Students |

Pass / Fail

Externship is the only course taught at the College of Law that may be taken as pass/fail. It may be taken more than once in the course of study at the College of Law, but only for a total of 3 credit hours.

Incompletes

If you receive an Incomplete (I) in any course other than Psycholegal Research, the Incomplete must be removed within one year. Otherwise, the Incomplete will automatically be replaced with a failing grade ("0").

Graduate Students Taking Law College Courses

Graduate students may take courses at the College of Law but only with the prior permission of the instructor and the Dean of Students. The permission forms are available from Vicki Lill in the Dean's Office. Registration in Law College courses will only be processed once permission forms are returned to Vicki Lill.

Registration

Open registration is November 7 – January 6 (however it is recommended that you register by **December 1** so that your financial aid can be processed in a timely manner).

You must enroll using MyRED. Registration is conducted on a first-come first-served basis with no class priority. Spring registration begins at 8:00 am on November 7 and is continuous through January 6. Any initial registration or reinstatement of a cancelled registration after classes begin will be subject to a \$25 late registration fee.

Registration Holds - NCard Use

Students with registration "holds" will not be permitted to initially register or add courses (including drop/add schedule changes) until these holds are released. Registration "holds" are placed on your record to prevent registration for classes. Holds may be incurred for academic or financial reasons, including using your NCard and failing to pay the bill by the 12th of each month. The holds must be cleared by the University agency or department placing the block prior to registration, and you must present the Release Form from the agency or department to Student Judicial Affairs, 125 Canfield Administration Building. Note: If you pay by personal check, the hold will not be cleared for 3 weeks to be sure your check clears your bank. Only Master Card or Discover Card are accepted for credit card payments.

Closed Courses During Registration

You cannot register for a closed course on MyRED. If you are informed that a course is full, please contact Vicki Lill.

Classes with Time Conflicts

Registering for two courses that meet at the same time or have overlapping meeting times is NOT allowed. It is up to you to verify that your courses do not overlap.

Students with Disabilities

Students with disabilities who would like assistance with registration should contact Vicki Lill.

Registration Tampering

A student who tampers or attempts to tamper with the registration records of another student, including but not limited to dropping and adding classes, will be subject to disciplinary action.

Payment of Tuition and Fees

Any charge you incur for tuition, fees, University Housing, long distance telephone calls, Express Card purchases from the University Bookstore and Nebraska Union, University Health Center, and service charges from University Libraries, Parking Services, and Campus Recreation will appear on one statement. Payment can be made at the Bursar's Office, 121 Canfield Administration Building. Tuition and fees can be paid by a credit card. Instructions are included with the billings.

Statements for Tuition and Fees are posted on your MyRED account on the 25th of each month. It is your responsibility to check for any new charges. FAILURE TO RETRIEVE YOUR STATEMENT WILL NOT EXCUSE YOU FROM MEETING THE DEADLINE. Contact the Office of Student Accounts, 124 Canfield Administration Building, (402) 472-2887, if you have not received your statement by the 25th of each month. Due date is the 12th of the following month.

Full payment of all tuition and fees is due on February 12, 2019.

The late charge for failing to meet the payment deadlines is \$20.00 each month. Holds will be placed on the records of students with delinquent accounts. Holds will prohibit the release of transcripts and diplomas and prohibit future enrollment (including adds and section changes) until the accounts are brought current. Students with accounts that are delinquent over one month will also lose student services such as access to the Recreation Center in addition to having Express Card privileges stopped. If accounts become two months delinquent, Parking Services will be authorized to tow the vehicles of students who incur parking fines.

Late Registration begins January 7. During Late Registration, students will be charged a \$25 late registration fee. This fee will appear on your first billing for tuition.

Change of Address Form

If your local, permanent, or parents' address has changed since you entered the University or last submitted a Change of Address Form to the Dean's Office, you must fill out a change of address form. These forms are available in the rack outside of the Dean's Office. Please return the form to Vicki Lill so that we can change our records as well as the downtown records. In lieu of the form, you can submit an email to Vicki with the information. Changing your information in MyRED does not change the records at the College of Law.

Drop / Add / Withdrawals

After initially registering for classes, you are free to adjust your schedule by adding and dropping most courses through MyRED during the Open Registration period.

The deadline for adding courses is January 14...this includes Externships and Independent Research projects. Any adds after this point require the written permission of the instructor and the Dean of Students. See Vicki Lill for assistance with late adds.

Upperclass students who wish to drop a non-lottery course from their schedule may continue to do so through January 16 by contacting Vicki Lill, provided that, after dropping the course, they are still taking twelve (12) or more hours of law courses. A student must receive permission of the Dean of Students to drop below 12 hours.

The following chart shows the percentage of tuition you will be refunded for any courses you drop during the semester:

| % of Tuition refunded | Last day to drop | Permission Requirement |
|------------------------------|--|-------------------------------------|
| 100% | January 14 (\$40 minimum charge for withdrawal from all courses) | None* |
| 75% | January 18 (course removed from transcript; after January 20, Grade of "W") | None* |
| 50% | January 25 (Grade of "W") | Instructor and the Dean of Students |
| 25% | February 1 (Grade of "W") | Instructor and the Dean of Students |
| 0% | After February 1 (Grade of "W") | Instructor and the Dean of Students |

*Although no permission is required, please notify Vicki Lill so that your records at the College of Law can be updated. A change in MyRED does not change the information here. Permission forms are available from Vicki Lill.

A drop or withdrawal becomes effective for tuition and grade purposes on the date the transaction is processed through MyRED. Students who drop or withdraw from a course are entitled to refunds of tuition, Law College Fees, and University Program and Facilities Fees (UPFF) according to the above chart.

A student may request permission to drop a class at any time before the final exam for the course. Such drops require permission of the instructor and the Dean of Students.

No student may withdraw in good standing from the Law College absent approval of the Dean of Students.

A special service fee will be assessed for:

- ◆ Registering for classes (\$20.00).

- ◆ Returned check fee (\$30.00)
- ◆ Late payment of tuition and fees (\$20.00 each month).

Attention is also given to teaching students about the business of building, managing and maintaining a law library. Students will be required to do a number of out of class assignments and will have an option to either do a take home final or write a Pathfinder for a final project.

|--------------------------|---------------------|----------------------------|------------|--------------------|---------------|

[3 credit hours] This is a course about business planning – the process of planning business transactions in a way that takes into account many relevant bodies of law as well as the needs of clients. Students will learn about the goals and methods of business planning, the role of ethics in providing legal advice, factors that influence the choice of business entity for a venture, legal rules applying to partnerships and limited liability companies (“LLCs”), relevant laws dealing with corporations and securities regulation, laws that pertain to corporate restructurings, and laws applying to the purchase, sale, or merger of corporate businesses. Thus, the course will seek to integrate insights from many fields, some of which students may have already studied in other courses, including corporate law, partnership and LLC law, securities regulation, antitrust law, individual income tax, corporate tax, and partnership tax. Most importantly, students will acquire practical skills in applying these multiple bodies of law to help clients solve practical business planning problems involving the formation, incorporation, restructuring, and disposition of a business. These include skills in drafting relevant legal documents, including legal memoranda, articles of incorporation or organization, and restructuring, sales or merger agreements. Students will acquire these skills by working in “firms,” and each firm will prepare one or two problems. *Prerequisite: Business Associations and Corporate Tax.* (For Learning Outcomes, refer to the Full Course Listing on the College of Law web site.)

|---------------------------|----------------------|----------------------------|------------|---------------------|---------------|

[3 credit hours] This course examines legal doctrine and policy regarding capital punishment in the United States. It draws heavily but not exclusively on decisions by the United States Supreme Court. Topics addressed include: various Constitutional challenges and limitations according to Supreme Court decisions; aggravating and mitigating circumstances; jury selection and qualification; discriminatory application; the use of clinical testimony; and the role of counsel. These cases include many fragmented opinions in which the justices address conflicting interpretations and applications of Constitutional terms and principles. Thus, they present opportunities to develop skills applicable to analysis and argument more generally. This course differs significantly from the Jurisprudence course that addresses the justification of capital punishment and of punishment more generally. That Jurisprudence course directs primary attention to jurisprudential arguments regarding the justification of punishment, including capital punishment in principle and in practice. This course directs primary attention to the court cases and to the legal doctrine and policy issues arising out of those course cases. Thus, the two courses are complimentary with relatively little overlap, and neither presupposes the other. Each student can decide to enroll in both courses or in either of the two. Each student will decide whether to write a paper or to complete a 72 hour take-home exam.

Grading Information for Clinics

In the Clinic, students and faculty interact with each other on a daily basis. The evaluation of students' work is not based upon impressions formed by one or two encounters; rather, it is based on a composite of impressions formed by those daily interactions over the course of the semester. Students need to employ and develop various skills to represent their clients competently. It is possible to list some of those skills -- analysis, planning, initiative, promptness, execution, legal research, writing and drafting, courtroom skills, care and accuracy, observation of ethical standards, observation of office procedures, dependability, productivity and attitude -- but it is impossible to catalogue all of the skills students may be called upon to exercise. Further, not every skill will be involved in each case on which students work. As a result, students should understand that evaluation of their Clinic performance, and hence the grade they ultimately receive in Clinic, is based on the faculty's overall impression of the level at which students operate in a professional law office setting.

| Corporate Tax [3 credit hours] This is a course about the application of the federal income tax to corporations and their shareholders. We will first examine the history of the corporate tax and influential policies concerning taxation of corporations. We will briefly explore the mechanics of the computation of a corporation's federal tax liability, and when various business entities are classified and recognized as corporations for federal income tax purposes. We will then examine federal income tax issues arising from the formation of a corporation; the choice of capital structure of a corporation; non-liquidating distributions of cash or other property from a corporation to its shareholders; redemptions of corporate stock; distributions of stock dividends; the complete liquidation of a corporation; the taxable acquisition of corporate stock or assets; and the use of S corporations. Throughout the course we will discuss the impact on corporations and their shareholders of the 2017 Tax Cut and Jobs Act. We will devote attention throughout the course to important public policy issues. The most important of these is whether corporate income should continue to be subject to a "double tax" - being taxed first to the corporation, and second to shareholders upon a distribution of corporate profits. We will also seek to develop practical skills in mastering applicable legal rules and applying those rules to various types of corporate transactions. Students will acquire these skills through careful study and preparation of the assigned readings and problems before class; through vigorous class discussion with an attitude of open-mindedness and eagerness to learn from others; through in-class analysis of assigned practice problems, often as part of a team; and through optional participation in an online discussion forum. <i>Prerequisite: Individual Income Tax.</i> (For Learning Outcomes, refer to the Full Course Listing on the College of Law web site.) | 9027 9028 | Law 638 Law 638G | MTW | 9:00-9:50 am | Lepard |
| Criminal Adjudication [3 credit hours] This course covers the criminal adjudication process from "bail to jail," in other words, from the suspect's first appearance in court through sentencing and appeal. Topics include the right to counsel, pretrial detention and bail, the charging decision, grand juries, discovery, plea bargaining, the right to a speedy trial, jury rights, proof at trial, sentencing, post-conviction review, and double jeopardy. This course is designed to complement Criminal Procedure, which focuses on the Fourth, Fifth, and Sixth Amendments to the United States Constitution, but the material may overlap somewhat, and Criminal Procedure is not a prerequisite. | 9137 | Law 634 | MT | 3:00-4:15 pm | Wittlin |
| Domestic Cybersecurity [3 credit hours] Cybersecurity is one of the most important and challenging emerging legal issues of the 21 st century. Networked computer systems give bad actors access to data and information stored on those systems (e.g., consumer financial or health information; trade secrets and other sensitive commercial information), control over the systems themselves (e.g., to damage or disrupt; to use for other computer-based activities), and access to physical-world control systems (e.g., control over industrial equipment, electrical infrastructure, or driverless cars). Amazingly, there is no coherent legal framework to address these issues. There is, however, an at-times incomplete and at-times overlapping patchwork of legal authorities that applies to many of them. Moreover, many of these issues implicate technical considerations: either technology makes it more difficult for the law to address them, or they are better solved by technology than through the law. This class provides students with an interdisciplinary introduction to cybersecurity law, focusing on the legal frameworks that exist today, the challenges of developing more comprehensive legal frameworks, and the nuts-and-bolts guidance that lawyers need to be able to give their clients when it comes to good (and bad) cybersecurity practices. | 9105 12382 9108 | Law 582 Law 582-600 Law 582G | MT | 3:00-4:15 pm | Hurwitz |

Thus, it will address the role of the International Telecommunication Union (ITU) in allocating, allotting and assigning frequency spectrum and orbital slots/orbits, and the role of the World Trade Organization (WTO) in regulating the international trade in satellite communication services. Also, the unique roles of the international satellite organizations INTELSAT and INMARSAT, especially since their transition to privatized companies kicked off, will be addressed. Finally, other, more regional developments in the USA, Europe and elsewhere will be briefly touched upon. <i>This course is available to online LLM students.</i> | | | | | |

| [1 credit hour] <i>Mini-course dates: February 28, March 1-2.</i> This course provides an overview of Federal Contracting. It identifies key provisions of applicable law, regulations, and general federal acquisitions contract principles. It looks at the authority of contracting officers, and how authority is delegated, and the impact of such delegation. | Jurisprudence | 12282 12390 | Law 672 Law 672G | MT | 1:30-2:45 pm | Schopp |
| [3 credit hours] The course will examine central jurisprudential questions that arise in the criminal law. Many of these are briefly introduced in the first year criminal law course, but time precludes careful consideration in that context. The course will consider, for example, the topics such as the following: (1) the purpose and justification of punishment, especially the legitimate role, if any, for retribution and the expressive function of punishment; (2) the relationship between retribution and revenge; (3) the justification of capital punishment; (4) the significance of human dignity in the application of the Eighth Amendment; (5) the relationship among the state, defendants, and victims in the criminal process, including the proper role, if any, of victim impact statements. Jurisprudence is the study of central conceptual and justificatory questions raised by law. We will read and discuss cases that illustrate these questions, and we will concentrate on the jurisprudential questions and arguments raised by those cases. The course is intended to address the jurisprudential questions raised by the cases and to develop the ability to argue to the courts and legislatures regarding the most justified approaches to these concerns. Each student will decide whether to write a paper or to complete a 72 hour take-home exam at the end of the semester. | | | | | |

| [3 credit hours] If you love reading and writing, this seminar is for you. Beginning with the ancient Greeks and ending with Hollywood screenwriting, this course examines the role of storytelling in The Law. Every legal case is really a story, and every story is about conflict. We read great books about the law and great books telling great stories about the law. Novelists, screenwriters, poets, and playwrights dramatize the law and legal events in ways that the bare fact patterns of caselaw cannot. We read literature that examines "the law" as an object of fascination and revulsion. We study great characters, as they struggle with the seamless web called LAW. We also consider how legal writers employ most of the literary devices found in literature, such as narrative structure, metaphor, and ambiguity, to name only a few. We examine legal texts using the tools of literary analysis and explore the literary aspects of the law. We study how to build a story and in so doing bring the best of law and literature into the laboratories of our imaginations. If all goes well, we make some stories of our own. [2 credit hours] [Mini-course: January 17-February 7] In view especially of the increasing commercialisation and privatisation of space activities and their applications, there is an increasing need at the national level to implement the international space treaties and some other international space law, notably by means of the establishment of national space legislation, including licensing regimes dealing for example with liability issues, or other control mechanisms. Thus, the course will discuss the various ways in which countries across the world have chosen, or are choosing, to implement relevant international requirements as well as to assert national space policies by means of such national law. A prominent place in this context will be taken by discussion of national US law on such activities as satellite communications, satellite remote sensing and space tourism. This course is available to online LLM students. Pre-requisite: Space Law. Student grade is based on post-class paper based on in-class presentation.
